

A&P Aircraft Technician

Central Wisconsin Aviation in Mosinee, Wisconsin is seeking a motivated individual to fill a full-time position as an A&P Aircraft Technician to join our professionally trained maintenance team. Central Wisconsin Aviation is a full-service fixed base operator (FBO), providing aircraft fuel sales, light & heavy aircraft maintenance, avionics repair and installation, aircraft management services, flight training, aircraft rental, Discovery Flights and line services.

This is an excellent opportunity to build a career with a great company!

Key Duties and Responsibilities:

- Utilize comprehensive test equipment and special tools to complete aircraft inspections.
- Utilize knowledge of computer systems to research aircraft inspections, repair criteria and/or parts requirements.
- Utilize technical knowledge to repair aircraft discrepancies efficiently, while properly documenting all work performed.
- Comprehensive troubleshooting and repair of aircraft electrical, hydraulic and pneumatic systems.
- Comply with Aircraft Service Bulletins, Airworthiness, Directive and FAA regulations as required.
- Aircraft engine removal, installation, rigging and adjustment of engine controls.
- Re-fuel, de-fuel and testing of aircraft fuel systems and components.
- Aircraft pressurization checks.
- Aircraft engine run-up and taxi checks.
- Aircraft sheet metal repair.
- Must be familiar with and be able to read and understand maintenance manuals, wiring schematics and have at minimum basic knowledge and experience with general computer applications.
- Must be able to perform all line maintenance functions unsupervised, at any time.
- Assist in customer scheduled related maintenance requests to include but not limited to the following: annual/100-hour and progressive inspections.
- Other duties and tasks as required.

Position Requirements:

- Valid FAA Airframe and Powerplant Mechanic Certificate (A&P Certificate).
- Valid FAA Inspection Authorization Certificate (IA Certificate).
- Minimum of two (2) years current general aviation maintenance experience, preferred.
- A valid US Driver's License.
- Must be able to pass background check, drug test, and employment verification.
- A complete set of tools designed for or appropriate for aircraft maintenance.
- Good Communication skills.
- Problem solving and organization skills are required
- Exercise good judgment in working with people in a team environment as well as in aircraft maintenance and safety.

Physical Requirements:

- Ability to work in confined spaces.
- Bending and stooping to pick up tow bars and other equipment, up to 75 lbs.
- Stooping below wings to chock aircraft.
- Standing for extended periods of time, running when required.
- Good hand-eye coordination with good peripheral vision.
- Frequent lifts or pulls of up to 75 lbs. are normal and the physical requirements include stooping, kneeling, climbing, bending, twisting, sitting, crouching, reaching, and handling.
- Ability withstand exposure to loud aircraft noise, chemicals, jet fuels and hydraulic fluids.

This position description has been prepared to assist in defining job responsibilities, physical demands, and skills needed. It is not intended as a complete list of job duties, responsibilities, and/or essential functions. This description is not intended to limit or modify the right of any supervisor to assign, direct, and control the work of employees under supervision. Central Wisconsin Aviation retains and reserves any or all rights to change, modify, amend, add to or delete, from any section of this document as it deems, in its judgment, to be proper.

Central Wisconsin Aviation is an Equal Opportunity Employer. In compliance with the Americans with Disabilities Act, Central Wisconsin Aviation will provide reasonable accommodations to qualified individuals with disabilities and encourages both prospective and current employees to discuss potential accommodations with the employer.

Compensation:

- Compensation for this position is based upon the Mechanic Pay Scale and employee's annual performance. Salary commensurate with qualifications and experience.
- Employee status in this position will be hourly.
- Schedule is Monday – Friday 7:30 a.m. to 4:00 p.m. This position is located at Central Wisconsin Aviation, 400 CWA Drive, Mosinee, Wisconsin.
